

Autowork

The Melksham Motor Spares Consumables Van

More than two years ago, Melksham Motor Spares purchased a consumables van designed to provide customers with a complete service to their vehicles.

The van was an immediate success and has since customers regularly call with the van to collect a full range of products needed to take their vehicles.

The range of products include: Tyres, Filters, Brakes, Spark Plugs, etc.

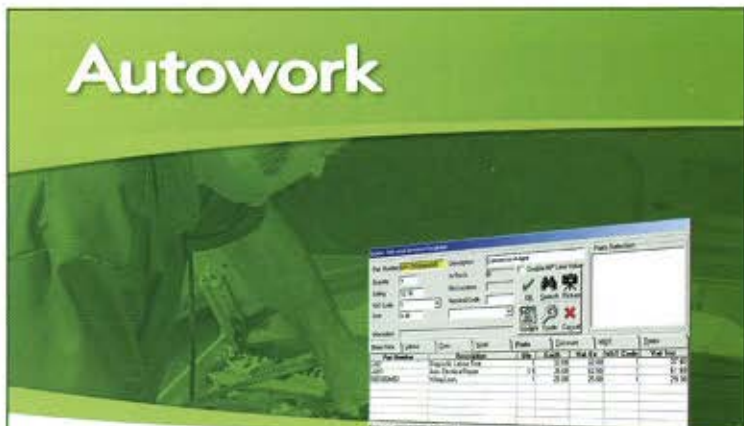

Customers are able to go to the van to collect all their vehicle parts and accessories in a convenient, quick and easy way. This has been a great success for the company and the van is a real customer service success story.

The van is a real success story for the company and the van is a real customer service success story.

Working out of a Melksham Motor Spares van, the company has been able to provide a complete service to the Melksham area, meeting with customers.

Melksham Motor Spares Consumables Van

Founded in 1984, MAM Software provides professional

business management systems and data solutions to the automotive aftermarket. As the UK's leading supplier of software to this sector, our applications are employed by thousands of businesses nationwide, including motor factors, component wholesalers, accessory retailers, tyre distributors, fast fits, independent workshops and collision repair bodyshops. For workshops, garages and MoT centres, we offer our Autowork software. It's a modular application for managing daily workshop activities, creating invoices and maintaining accurate service records. It controls all aspects of daily activity, from the creation of quotations through to the printing of job cards and the production of invoices and service or MoT reminders.
