 and training

EMI+ half price introductory offer*

* For a limited time only

Introductory pricing

The EMI+ single-user system is available for an introductory licence fee of £750 plus support and maintenance. This includes two days on-site installation and training.

Minimum requirements

The EMI+ single-user system can be installed on an existing Autopart v20 workstation or other networked PC, provided it meets with the minimum requirements. It must be connected to the Autopart network and have the necessary client access licences (CALs) installed (these are normally present on Autopart v20 workstations).

Minimum requirements:

- ▶ Dual core processor
- ▶ 50GB available hard-disk
- ▶ 2GB RAM
- ▶ Windows XP Pro
- ▶ Microsoft SQL CAL
- ▶ Microsoft Server CAL

Multiple training and user options also available
