

More power for free

**FREE
UPGRADE
WORTH £200**

**Get a free upgrade when you buy a
new Fujitsu Siemens small server**

Free upgrade worth £200

For a limited time, if you order a small server from MAM we'll upgrade your order to a medium server at no extra cost. Medium servers are more powerful, with greater capacity and capable of running Autopart systems with up to ten users.

Perfect for Autopart

The new Fujitsu Siemens servers are the perfect partners for Autopart. They combine the latest processors with innovative technology to ensure long life and the highest possible performance.

Medium server specifications

- ▶ Intel Xeon processor
- ▶ 4GB DDR2 RAM
- ▶ 2 x 250GB HDD
- ▶ Iomega 70/140 Rev drive
- ▶ 6 x Iomega Rev discs
- ▶ CD/DVD Rewriter
- ▶ 19" TFT monitor
- ▶ 4-hour response warranty
